

Go with the Flow

Learn, Dance & Grow

Greetings All!

Where to begin? What might we say to entice you to take time out and partake of some of our education offerings? Over the last few months, we have had each Education group (Clinics, Seminars, Panels, Organizations, LCP, and Sew & Save) try to tickle your fancy with what they are doing. Being Education Chairman, we are like the player coming up to bat with bases loaded. But, to get to the bases loaded situation, we need successful players.

Our lead off is the incredibly capable Eric Henerlau. His Keynote speech will be “What’s Right with Dancing.” While there is much we need to do to promote and make dancing grow, there is a lot about dancing that should make us happy. Come, listen to Eric, and leave feeling better!

What good is a team without appropriate uniforms? And what better way to get these uniforms than to visit Sew & Save and see what the latest trends are. Enjoy a presentation or do a Make and Take session. Into quilts? Join us for the quilt block session. Need to adjust a shirt or make your own pettipants? We have you covered (pun intended).

Join us in the next issue when we tell you more about our team.
